We proudly serve locally sourced meat from local farms.
 This may result in slightly irregular cuts (this is mainly in reference to the rib of beef and any specials which we may have in the future).
 We serve raw nuts and other allergens in our kitchen.
 If you have any severe allergies please notify your server.
 The chicken and other meats may have a pinkish colour to the meat, this is due to the smoking process and it naturally occurs, it's known as the 'smoke ring'.
 Our chicken dishes may contain bones.
